DEFRA (Ref: MO43) For Weather Forecast Planning Issued on Monday, 21 March 2022 at 05:25 local time

Air Quality Forecast for the UK

Issued by the Met Office

Today: Moderate levels of air pollution are likely for parts of eastern, central and northwest England Monday, particularly urban areas, due to settled weather and light winds from Europe. Low levels of air pollution are expected elsewhere across the UK.

Tomorrow: Moderate levels of air pollution likely for eastern and northern England, parts of Scotland and Northern Ireland on Tuesday. Risk of isolated areas of High, particularly in urban centres.

Outlook: Areas of Moderate air pollution are expected to continue to develop as settled weather persists this week. Risk of isolated pockets of High air pollution.
